- software is **Talis Aspire**
- launched in 2015/16
  
- LTC recommended: all reading lists should be submitted to the Library; preferred route via Talis Aspire
  
- online lists link up with Library catalogue - print copy availability, ebook links
- published lists reviewed by Library for latest editions, ebook options, and we check that all links work.
  
- also request book chapters for scanning via Talis - Library checks copyright restrictions, uploads scan and includes in annual report back to CLA.
- also add journal articles, websites, AV material

# Publishing 2016/17 Reading lists

**<http://libreading.uea.ac.uk>**

1. **Log in** to see **draft** lists- *(create a profile if not already done so)*.
2. Search by module name
3. Check / edit draft list for 2016/17. Then **Publish** checked list.

#### **4. Make list visible on Blackboard by creating / activating link**

If you had link on last year's blackboard module, then link may already be there, *but it needs to be connected to the new 2016/17 published list.*
