Response to Freedom of Information Act 2000 request (FOI_17-189)

I would be grateful if you could send me:

1) A list of all university-owned halls of residence, including information on how many beds each have and the type of heating used.

Our response is contained within the attached document entitled FOI_17-189 Appendix A.

2) An estimation of how long the existing heating has been installed in each hall.

Our response is contained within the attached document entitled FOI_17-189 Appendix A. For each residence listed, the heating system has been installed since the hall of residence opened.

3) Dates of any scheduled replacement or maintenance of the current heating in each hall.

[Information not held - s.1(1)(a), Freedom of Information Act]

Replacement of heating in each hall is in line with the life cycle replacement plan. However, specific dates have not been decided as The Life Cycle Plan is still being costed and agreed. We anticipate that we would hold this information in 6 months' time.

4) The main advantages and disadvantages with the current heating.

Our response is contained within the attached document entitled FOI_17-189 Appendix A.

5) The full contact information (Name, email address, phone number and postal address) for the person / people responsible for the heating in university-owned halls of residence.
