'What is the level of research income attained by social science professors (in SSF) at UEA at the point when they successfully applied for promotion to Chair? This information should be available on promotion forms of successful applicants.*

Please include all current professors in SSF – or if this timeframe is impossible, then all SSF professors who were promoted/appointed in the academic years 2007/08 to 2016/17 - it is not necessary to separate by year.

a. Please give all-career income, and also income within the 'relevant period' (which I believe is 5 years or since previous promotion).

b. Please show each of these totals broken down by whether the person was PI or Co-I.

*c. *Please give the minimum, maximum, median and mean research income levels, for each of these (career history / relevant period / Co-I/PI).*

All-career research income as PI

All-career research income as Co-I

'Relevant period' research income as PI

'Relevant period' research income as co-I

*2) What is the range of *grant sizes* (max, min, mean, median) within each of these 4 categories?'*
