Timing of decisions

No decisions.

Further Information

Helena Gillespie (TELC chair 2017-18) h.gillespie@uea.ac.uk
Rob Grey (TELC secretary) r.gray@uea.ac.uk

Background

In Autumn 2017 LTC resolved to form Technology Enhanced Learning Committee as a sub-committee of LTC. It replaced the ISD Education Board and its mission is to consider issue related to technology enhanced learning and bring proposals to LTC as necessary. The committee is formally chaired by Neil Ward Pro-VC Academic Affairs but he delegates this to Helena Gillespie.

Discussion

The committee has discussed a range of topics this academic year including:

- E-assessment
- Online Courses
- Developing a bank of re-usable learning objects
- Developments with the Blackboard VLE

Where issues have required the attention of LTC the chair has brought issues to LTC at the time.
