Dear 

**Freedom of Information Act 2000 – Information request (ref: FOI\_19-146)**

We have now considered your request of 23 May 2019 for ‘a list or database of installed gas appliances’ installed at this University, and for certain information about each appliance and their location on campus. For reference, we have provided a copy of your request on page 3 of this letter.

Our response is in the accompanying Excel spreadsheet, FOI\_19-146 Appendix A.

On this occasion it is not possible to provide all the requested information. In line with your rights under section 1(1)(a) of the Act to be informed whether information is held, we confirm that the University does not hold all of the requested information.

Specifically, we do not have a register of all the radiators in the University, nor do we have recorded information stating the location of all gas kitchen appliances and science lab equipment. Therefore we cannot provide the location, output rating or installation date of these appliances.

We hope this information will meet your requirements, however if you are not satisfied you have the right of appeal. If you wish to appeal, please set out in writing your reasons for appealing and send to the above address. You must appeal within 40 working days of the date of this letter. In line with section 5.3 of the UK Government’s Freedom of Information Act Code of Practice, we are not obliged to accept internal reviews after this date.

You also have a subsequent right of appeal to the Information Commissioner’s Office. Further information is available on their website:

## **Freedom of Information Act 2000 request (FOI\_19-146)**

*We are seeking a list or database of installed gas appliances, categorised into groups such as:*

### Heating

*Boilers - condensing/non-condensing, wet central heating systems*

*Water Heaters - instantaneous, continuous, storage water heaters*

*Dry (Warm Air) Convection Systems – direct/indirect air heaters*

*Radiant Heaters – luminous (plaque) and non-luminous (tube)*

### Catering

*Ovens – deck ovens, pizza ovens, rack ovens*

*Steamers & Combi Ovens – combi-steam ovens, atmospheric steamers*

*Hobs & Grills – hobs, grills, griddles, barbecues, salamander grills, rotisserie grills*

*Water & Oil Heaters – fryers, pasta/noodle boilers, bratt pans*

### Location

*Offices*

*Lecture Theatre*

*Laboratory*

*Canteen, etc.*

*For each appliance, it would be useful to know the output rating, in either kW or BTU/hr, and the installation date.*

*For each location, we it would be advantageous to know the footprint (either in m2 or m3) and the annual gas consumption. If the building name and/or address is known, this would be more useful than being listed as “office block” or similar.*
