

[REDACTED]

08 March 2019

Dear [REDACTED]

Freedom of Information Act 2000– Information request (ref: FOI_19-062)

We have now considered your request of 20 February 2019 for the contact details of staff members involved in procurement of telecoms and IT hardware and services.

Our response is on page 2 of this letter, together with a copy of your request.

No staff in the University's sustainability team are involved in the decision-making process for procurement of telecoms and IT hardware and services, as this team only deals with the removal of associated electrical waste and not procurement. We can therefore confirm, in line with your rights under section 1(1)(a) of the Act to be informed whether information is held, that no relevant contact details are held for this area.

We hope this information will meet your requirements, however if you are not satisfied you have the right of appeal. If you wish to appeal, please set out in writing your reasons for appealing and send to the above address. You must appeal within 40 working days of the date of this letter. In line with section 5.3 of the UK Government's Freedom of Information Act Code of Practice, we are not obliged to accept internal reviews after this date.

You also have a subsequent right of appeal to the Information Commissioner's Office. Further information is available on their website:

https://ico.org.uk/Global/contact_us, or by telephone on 0303 123 1113.

Please note that any material over which UEA has copyright is released on the understanding that you will comply with all relevant copyright rules regarding reproduction and/or transmission of the information provided.

Please quote our reference given at the head of this letter in all correspondence.

Yours sincerely

Kirsty McDonald
Information Compliance Assistant
University of East Anglia

Response to Freedom of Information Act 2000 request (FOI_19-062)

Accordingly, please could you send me, the names and contact details, including email address of any/all person(s) who are involved in the decision making-process for the Procurement of Telecoms and IT Hardware and Services for your organisation. (Eg Procurement, IT, Sustainability roles)
