

25 June 2019

Dear 

**Freedom of Information Act 2000– Information request (ref: FOI\_19-153)**

We have now considered your request of 03 June 2019 for the following information:

*'We are interested in finding out what respiratory teaching and skills current pre-registration nurses have as part of their nursing degree, before the curriculum changes in 2020. Under the Freedom of Information Act, could you please provide answers to the template attached.'*

As requested, our response is in the accompanying document, FOI\_19-153 Appendix A.

Please note that our nursing degree is compiled of six modules, one of which (module 6) does not include respiratory teaching. In order for us to accurately present our response to question 1 of your request, we have provided a response for each module individually.

Question 4 of your request is not within scope of the Freedom of Information Act, as it does not ask for specific recorded data and calls for an action, therefore we have only provided a response where additional information has been supplied from the relevant department.

We hope this information will meet your requirements, however if you are not satisfied you have the right of appeal. If you wish to appeal, please set out in writing your reasons for appealing and send to the above address. You must appeal within 40 working days of the date of this letter. In line with section 5.3 of the UK Government's Freedom of Information Act Code of Practice, we are not obliged to accept internal reviews after this date.

You also have a subsequent right of appeal to the Information Commissioner's Office. Further information is available on their website:
