Dear [REDACTED]

Freedom of Information Act 2000 – Information request (ref: FOI_19-131)

We have now considered your request of 03 May 2019 for the following information:

'The number of cases of terror-related activity on campus which was dealt with through the Prevent Engagement Team.

Can I get the above data split in to the number of cases each year and each academic year since 2003.

If possible, can the data include details on individual cases'

Our response is as follows:

The University has not deal with any cases of terror-related activity since 2015. Prior to 2015, there was no legal requirement for universities to record any incidents of terror-related activity, as the Prevent duty guidance for higher education institutions was not introduced until that year. Therefore, in line with your rights under section 1(1)(a) of the Act to be informed whether information is held, we confirm that the University does not hold information prior to 2015.

We hope this information will meet your requirements, however if you are not satisfied you have the right of appeal. If you wish to appeal, please set out in writing your reasons for appealing and send to the above address. You must appeal within 40 working days of the date of this letter. In line with section 5.3 of the UK Government's Freedom of Information Act Code of Practice, we are not obliged to accept internal reviews after this date.

You also have a subsequent right of appeal to the Information Commissioner's Office. Further information is available on their website:
