

## LIBRARY SEARCH

We have designed Library Search to be the best starting point possible for your research. It will return results containing academic books, ebooks and journal articles, as well as CDs, DVDs, conference proceedings, theses and reference works.

If you want to go into a bit more depth, you should also try using the 'Find E-Journals' and 'Find Databases' options from the top bar – the rest of this guide explains how to do that.

Access more library services, including your *Library Account*, from the top bar.

*Library Search* works like Google – so it will assume an 'and' in between each search term. You can use quotation marks to search for a phrase, e.g. "physical education" or try using *Advanced Search*.

The screenshot shows the library search interface. At the top, there is a navigation bar with links: Library Homepage, Find E-Journals, Find Databases, Subject Guides, Reading Lists, Digital Repository, and Library Account (Log Out, Renew). Below this is a search bar with the text "social media surveillance" and a "SEARCH" button. To the left of the search bar is the UEA logo and the text "University of East Anglia".

Below the search bar, there are several search results. The first result is a book titled "Internet and surveillance: the challenges of Web 2.0 and social media" edited by Christian Fuchs. It has a "VIEW AND REQUEST A COPY" link. The second result is an eBook titled "The new media of surveillance" edited by Shoshana Magnet and Kelly Gates. It has an "EBOOK ACCESS (MULTIPLE USERS AT A TIME)" link. The third result is a journal article titled "Why Does China Allow Freer Social Media? Protests versus Surveillance and Propaganda" by Qin, Bei; Stromberg, David; Wu, Yanhui. It has a "PDF FULL TEXT" link. The fourth result is a journal article titled "Systematic review of surveillance by social media platforms for illicit drug use" by Kazemi, Donna M.; Borsari, Brian; Levine, Maurice; Dooley, Beau. It has a "UEA ACCESS" link and a "VIEW THIS RECORD FROM ISI WEB OF SCIENCE" link.

On the left side of the search results, there is a "Refine Results" section with various filters: "Limit To" (Available via UEA Library, Catalogue Only, Articles), "Publication Date" (1990 to 2018), "Show results for" (All Results, Academic Journals, Books, Magazines, Conference Materials, Reviews), "Subject", "Publication", "Publisher", and "Language".

Annotations with arrows point to various elements:
 

- A box points to the "Library Account" link in the top navigation bar.
- A box points to the search bar and "SEARCH" button.
- A box points to the "VIEW AND REQUEST A COPY" link for the first book result.
- A box points to the "Classmark HM851 FUC" for the first book result.
- A box points to the "EBOOK ACCESS" link for the second result.
- A box points to the "PDF FULL TEXT" link for the third result.
- A box points to the "UEA ACCESS" link for the fourth result.
- A box points to the "Refine Results" section on the left.

Click 'view and request a copy' to request an item on loan be put on hold for

This Shelf location of this book is HM851 FUC

Use the options on the left to find particular sources e.g. 'ebooks' or articles from 'Academic Journals'.

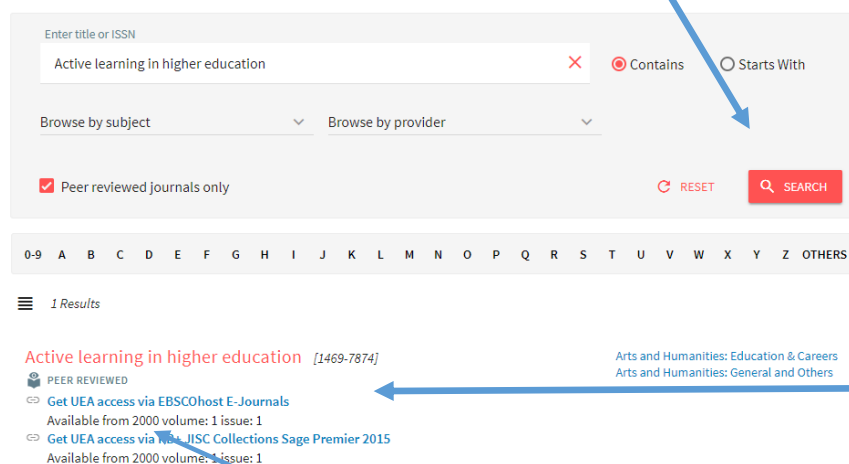

To view journal articles click on 'PDF full text' link or 'UEA Access'

## FIND E-JOURNALS

Use the A-Z of e-journals to find out if we have a journal available online, and which years you can access. This can be very useful if you are looking for a specific journal article, for example:  
Simpson, R. & Gill, R. (2007) Design for development: a review of emerging methodologies. *Development in Practice*, 17(2), 220-230.

1. Enter the journal title in the search box. From our example this is *Development in Practice*. Click 'Search'.

### Find E-Journals

The screenshot shows the 'Find E-Journals' search interface. At the top, there is a search box with the text 'Active learning in higher education' and a red 'X' icon to its right. Below the search box are two radio buttons: 'Contains' (selected) and 'Starts With'. Below these are two dropdown menus: 'Browse by subject' and 'Browse by provider'. At the bottom left of the search area is a checkbox labeled 'Peer reviewed journals only' which is checked. At the bottom right are 'RESET' and 'SEARCH' buttons. Below the search area is a navigation bar with letters A-Z and 'OTHERS'. Below the navigation bar, it says '1 Results'. The first result is 'Active learning in higher education [1469-7874]' with a 'PEER REVIEWED' icon. Below the title are two links: 'Get UEA access via EBSCOhost E-Journals Available from 2000 volume: 1 issue: 1' and 'Get UEA access via JISC Collections Sage Premier 2015 Available from 2000 volume: 1 issue: 1'. To the right of the result are two category links: 'Arts and Humanities: Education & Careers' and 'Arts and Humanities: General and Others'.

**Tip:** Note that we may have the same journal from different providers, and that coverage dates may vary. Make sure you choose a provider that gives access to the date you need.

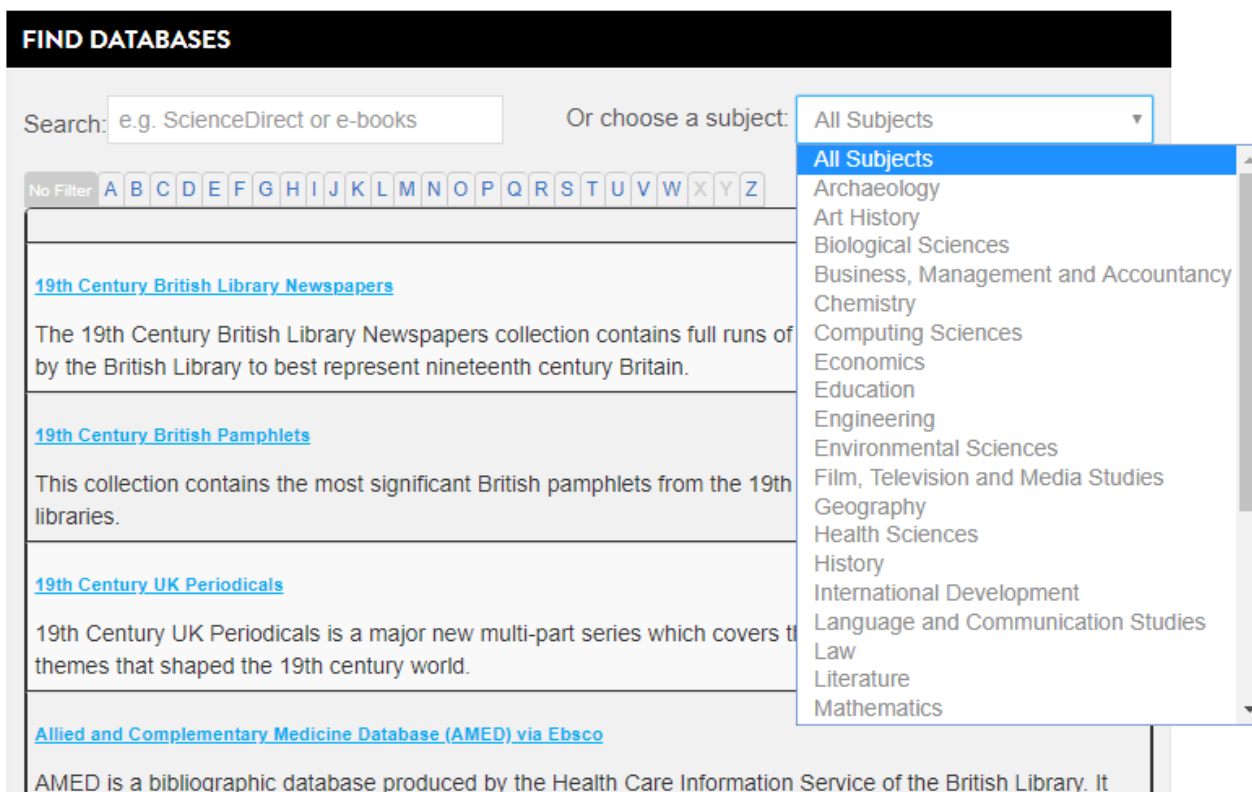

2. Click on the 'Get UEA access...' link to link out to the journal.

**Tip:** If the year you need isn't available electronically, remember to check and see if it is in print in the library.

## FIND DATABASES

If you want to access other databases to search beyond Library Search, or if you want to access a specific resource, use the 'Find Databases' option to generate a list of resources for your subject.

The screenshot shows the 'FIND DATABASES' interface. At the top, there is a search bar with the text 'e.g. ScienceDirect or e-books' and a dropdown menu for 'Or choose a subject:' with 'All Subjects' selected. Below the search bar is a row of filter buttons labeled 'No Filter' and 'A' through 'Z'. The main content area displays a list of database entries, each with a title and a brief description. A dropdown menu is open over the 'Or choose a subject:' dropdown, showing a list of subjects including 'All Subjects', 'Archaeology', 'Art History', 'Biological Sciences', 'Business, Management and Accountancy', 'Chemistry', 'Computing Sciences', 'Economics', 'Education', 'Engineering', 'Environmental Sciences', 'Film, Television and Media Studies', 'Geography', 'Health Sciences', 'History', 'International Development', 'Language and Communication Studies', 'Law', 'Literature', and 'Mathematics'.

## Your library search folder

Setting up a Personal Account

The first time you use the folder feature in library search you will need to set up a personal account:

1. Click on the Yellow folder Icon on the top bar in library search
2. You will see a small update in your folder asking you to **Sign In to my EBSCOhost**
3. From the Sign In Screen, click the **Create a new Account** link.
4. The Create a New Account Screen appears with Personal Account entered in the Account Type field. Fill in the fields on the Create a New Account Screen, remember to use your UEA email address. When you have completed the fields, click **Save Changes**.

The screenshot shows a web form titled "Create a new account - Personal Account" with a help icon. The form contains the following fields and elements:

- First Name:** Text input field containing "Demonstration".
- Last Name:** Text input field containing "Customer".
- E-mail Address:** Empty text input field.
- User Name:** Text input field containing "democust", with a note "254 character maximum".
- Password:** Password input field with a strength indicator showing "Strong" (three green bars) and a note "Include digits/symbols or make your password longer and more random." with a help icon.
- Retype Password:** Password input field for confirmation.
- Secret Question:** A dropdown menu with "[Select One]" selected, and a note "Used to help identify your account if you forget your user name or password."
- Secret Answer:** Empty text input field.
- Note:** "Please remember your account information for future reference."
- Buttons:** "Save Changes" (yellow) and "Cancel" (grey).

When you create a new My EBSCOhost folder account, or are updating the existing password for your account, you are required to create a strong password.

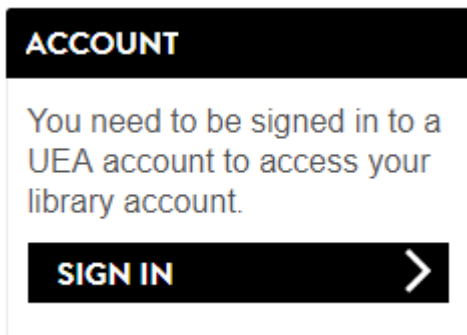

5. If all the information was accepted, a message appears that provides your user name and password. Click **OK**. You will be automatically logged in as a personal user. You should note the user name and password you created so you can log in at a future session.

If you have forgotten your password, you can submit your user name to retrieve your password.

For more information on how to use your folder to save your search results see the EBSCO support pages [https://help.ebsco.com/interfaces/EBSCO Guides/EBSCO Interfaces User Guide/How to Use the My EBSCOhost Folder](https://help.ebsco.com/interfaces/EBSCO_Guides/EBSCO_Interfaces_User_Guide/How_to_Use_the_My_EBSCOhost_Folder)

## Off-campus

**You must login to Library Search when you are off-campus. Logging in is easy, you will be prompted at various points to log in including on the library web pages**

**ACCOUNT**

You need to be signed in to a UEA account to access your library account.

**SIGN IN** >

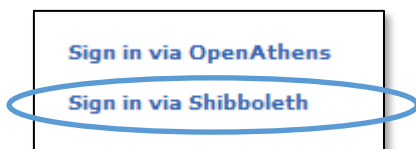

**UEA** University of East Anglia

Access provided by University of East Anglia Library

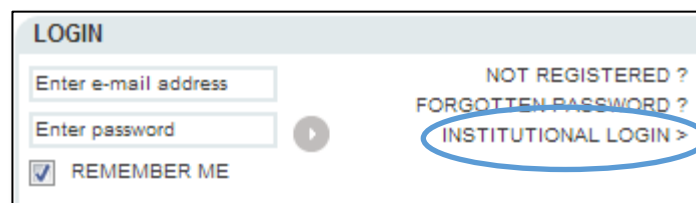

If you link to a database or to journal content on a website you should see 'Access provided by University of East Anglia' somewhere on screen:

**If not**, find the login/ or sign in option and sign in via 'Shibboleth' or 'UK Federation' and follow the links to the UEA login screen to login with your UEA username and password. Some examples:

Sign in via OpenAthens

Sign in via Shibboleth

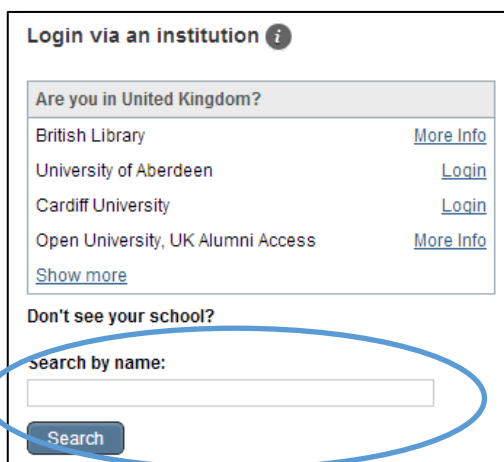

**LOGIN**

Enter e-mail address

Enter password
