Issue

A review of General Regulations 1-18 was proposed for 2013/14 as part of the LTC Schedule of Reviews. General Regulations 1-12 relate to Student Life and Student Behaviour. General Regulations 13-18 relate to Academic Provision.

Background

1. Members are asked to note that a review of General Regulations 1-12 was undertaken in 2013/14 by the General Regulations Working Group, chaired by the Pro-Vice-Chancellor (Academic). Proposals from this group will come to the LTC meeting on 25 June for approval.
2. Professor Nigel Norris, Chair of the University's Senate Student Discipline Committee, and Ms Christina Chan, Learning and Teaching Service Manager are leading a review of discipline. Professor Norris has determined that the only regulations which require review in the current academic year are General Regulations 13 (Attendance, Engagement and Progress), 14 (Professional Misconduct and/or Unsuitability) and 15 (Misconduct in Research).
3. Christina Chan is leading on General Regulations 13 and 14 and Melanie Steele, Quality and Information Manager in the Postgraduate Research Service, is leading on General Regulation 15. Recommendations from these reviews will be presented for consideration at the June meeting of LTC.
