### **Equality and Diversity**

Historically, new members of both SSDC and SSDAC have been appointed on the basis of a nomination from the Chair SSDC further the Chair having taken soundings regarding possible appointments to the committees.

In this most recent round of appointments it was agreed that it would be more appropriate to invite applications from the academic staff of the University. To this end a general invitation was circulated along with a role description for both membership of SSDC and SSDAC.

It is hoped that this approach will ensure that membership of the committees is representative of the academic community as a whole and of the broad range of interest in the issues that fall within the remit of SSDC and SSDAC
