### Issue

An update on reassessment in 2013/4, with particular reference to the numbers of students, modules and assessment items involved.

### Background

Following a separate request from the Union of UEA Students' Advice Centre, the information below has been compiled to give a picture of reassessment on taught programmes as a result of assessments taken in 2013/4.

This data will be compiled by AQO on an annual basis going forward and provided to LTC if useful.

As timings between decisions at Reassessment Boards and the automated progression of students to the next stage of their degree are so close, the data unfortunately cannot be used to look at results by stage of student and also has split some schools between pre and post 2014/5 names (e.g. AMS and AMA).

### Number of Modules

In 2013/4, 772 different modules had at least one student go to reassessment.

### Number of Students

In 2013/4, 1669 different taught students took some form of reassessment. The breakdown of number of reassessment modules per student was as follows:

Number of Modules Sat at Reassessment	Number of Students
1	1119
2	259
3	126
4	70
5	48
6	40
7	4
8	3

## Number of Assessment Items
