See table and notes below.

See table and notes below.

The number of students that progressed from INTO to the University for each intake

See table and notes below.

The number of students that graduated based on the number of students that started for each intake

This question was withdrawn in your email of 19 January.

\* Figures from September 2012 to September 2014 were provided in response to an earlier FOI request: [https://portal.uea.ac.uk/documents/6207125/6946481/FOI\\_14-245.pdf/](https://portal.uea.ac.uk/documents/6207125/6946481/FOI_14-245.pdf/)

\*\* These figures include all students who left, regardless of reason for departure.

\*\*\* Not including students who enrol at UEA having deferred a year or more.

N.B. Due to changes in how the student data are gathered we believe the figures from September 2007 and January 2008 are not wholly accurate. They do however represent the recorded information currently held by the University.
