**Response to Freedom of Information Act 2000 request (FOI\_15-031)**

*Please could you either direct me to a report/breakdown of university spending for UEA or inform me on what student tuition fees go towards.*

Your request does not specify a particular financial year or the level of detail you require, but you can find information on the University's income and expenditure each year since 1997 in our financial statements. The statements are available on our website: <https://portal.uea.ac.uk/finance/financial-accounts>

This page also includes a finance summary for students for the 2013/4 financial year, which includes summary information on how the University spends its money.

With regard to your question about tuition fees, we can confirm that these are charged directly to the school of study that a student is registered with. The tuition fee then goes against the costs associated with that school.

We hope this information meets your requirements, however please let us know if you require more specific data.
