Updated 08.12.17

To enable RIN to support your applications effectively and to help to maximise the chances of funding success, your Project Officer requires sufficient notice of planned applications. This will enable us to work with you effectively on preparing your bid, identifying any additional support required and seeking the reviews or authorisations needed for final submission.

NB: This calendar lists recurring grants of interest to academics in SSF. For advice on relevant one-off calls please contact your Project Officer. You can also use ResearchProfessional (www.researchprofessional.com) to create your own customised searches and alerts.

ESRC APPLICATIONS
Applications to the ESRC all require review by UEA's Internal Review Panel - for info see https://intranet.uea.ac.uk/ren/apply-for-funding/internal-peer-review
<ul style="list-style-type: none"> ● 3 months' notice is desirable ● At least 10 working weeks' notice is <u>required</u> for ESRC Open Call Research Grants* Internal timetables for ESRC 'Closed call' grants are agreed on case-by-case basis.

NON-ESRC APPLICATIONS BY ACADEMICS IN SSF
<ul style="list-style-type: none"> ● 3 months' notice is desirable ● 4 working weeks' notice is required ● A complete draft of application is required at least 2 working weeks before submission
