Custodial History

Original and master recordings of this collection are held with the East Anglian Film Archive (EAFA).

Scope and content

Since 2015 this collection is incorporated in the British Archive for Contemporary Writing (BACW).

A collection of over 300 audio cassettes and video recordings (VHS and DVD) of literary figures being interviewed before audiences at the University of East Anglia. These include readings from the authors' works.

The Spring Literary Festival is hosted by the Centre for Creative and Performing Arts. The Autumn Literary Festival is hosted by the Arthur Miller Centre for American Studies.

The audiocassettes are in most cases taken from the already held video (VHS) recordings.

Additions are made annually. Since 2004 the video recordings are available on DVD.

Access Conditions

Other than where a specific access restriction is noted, the collection is open for consultation by appointment in the Archives Department during its advertised opening hours.

Copyright/Reproduction

Reproductions can be supplied in hard copy or digital format subject to physical condition and the terms of deposit. A charge is made for this service. Copyright restrictions may apply and the advice of the Archives department should be sought for any use of reproductions other than personal research.

Finding aids

Print and electronic listings to the recordings are available. The Literary Festival recordings are also catalogued in the Library catalogue and Library Search.
